

Consent regarding personal & financial data

Dear applicant,

To determine whether you qualify to become a client of our Food Bank, your financial situation needs to be assessed. All Dutch Food Banks apply the same norm¹. Basically, we check your net expendable monthly budget versus this norm. When you do qualify, we are obliged to repeat this check every six months.

We perform this check based on your bank statements and the composition of your household. We will look at:

- all bank & savings accounts (for the last 3 months)
- of all working/studying family members aged 21 or older who are registered at your address
- note: when you do have a trustee (in Dutch “bewindvoerder”), the check will be done based on your so-called “budget plan”, including the amount set aside as a reservation for unforeseen expenses.

Prior to carrying out the financial check we will mutually sign this statement.

Guarantee by Stichting Voedselbank Katwijk: Your financial data will only be viewed by our customer team and will not be transferred to any third party. As long as you are our client, we do keep a summary of your financial situation on file, in compliance with the GDPR². Once no longer needed your data will be removed.
